¹Independent Directors.

MANAGER'S REPORT

For the year ended 31 December 2020

General

Northern Trust UCITS FGR Fund (the "FGR") is an investment fund (beleggingsfonds) as referred to in article 1:1 of the Act on Financial Supervision (Wet op het financial toezicht) (the "AFS"). We hereby report on the financial year 2020 of the FGR, which covers the period from January 1, 2020 to December 31, 2020. The FGR is an institution for collective investment in transferable securities (UCITS) within the meaning of the Financial Supervision Act (Wft). The Manager acts as Manager of a UCITS as referred to in Section 1: 1 Wft and in that capacity holds a license as referred to in Section 2: 69b paragraph 1, opening words and part a of the Wft of the AFM.

Composition of the Board of Directors of the Manager

The Board of Directors of the Manager comprises a 57:43 split of Female/Male members. The Directors do not consider this to be an unbalanced distribution of seats on the Board between women and men.

Depositary

Northern Trust Global Services SE, Amsterdam Branch (NTGSLAM) is the appointed Depositary of the FGR, responsible for the safekeeping of assets. NTGSLAM has appointed The Northern Trust Company (TNTC) as its global sub-custodian. The assets of the investment entity are kept by the sub-custodian as referred to in Section 4: 62m (1) Wft. It is responsible for monitoring cash flows, custody of assets (investments) and verification of ownership of the investment entity's assets. A written management and custody agreement has been concluded between the manager and the custodian of the investment entity. In outline, this agreement contains the detailed arrangements between the FGR and Depositary. Refer to page 81 of the financial statements for further details on the duties of Depositary.

Code of Conduct

The Directors have adopted practices and procedures to ensure compliance with the Irish Funds' voluntary Corporate Governance Code ("the Code") for Fund Service Providers with effect from 31 December 2015. Following a corporate governance review during 2020 the Manager is in full compliance with the Code.

Fiscal Aspects and FBI Classification

The FGR has the status of fiscal investment institution (FBI) as referred to in Article 28 of the Corporate Income Tax Act 1969. The FGR is set up to meet the conditions of a fiscal investment institution as referred to in Article 28 of the Corporate Income Tax Act 1969. The special corporate tax rate of 0% applies to a fiscal investment institution. If the FGR does not meet the conditions, the status of fiscal investment institution will in principle lapse with retroactive effect to the beginning of the year and the investment entity is normally subject to corporate tax. The Manager ensures that, insofar as it lies within its assets, the investment entity at all times complies with the conditions laid down in the law and in the Investment Institutions Decree.

One of the important conditions is that the FGR receives the profit available for distribution paid to the shareholders eight months after the end of the financial year (distribution obligation). A positive balance of price results on securities and a positive balance with regard to the disposal of others investments (both realised and unrealised), after deduction of a proportional share of the costs associated with management of the investments is added to the so-called reinvestment reserve and does not fall under the distribution obligation. In addition, the FGR may issue a rounding reserve up to a maximum of 1%, which can partially suspend the distribution obligation.

In principle, the FGR withholds 15% dividend tax from profit distributions. A possible distribution under certain circumstances this is also possible without withholding dividend tax, charged to the reinvestment reserve taking place. The FGR may need to charge the repurchase of shares with dividend tax. Under certain circumstances, the FGR may also opt for dividend tax to withhold the repurchase of shares from its unit-holders.

Where distributions of the FGR are subject to a dividend withholding tax, it may under certain circumstances apply a reduction to the part that actually falls to the Tax and Customs administration must be paid (remittance reduction). The amount of the rebate is determined by the Dutch dividend tax and foreign withholding tax withheld from the investment entity (up to 15%). With regard to the deductible remittance to be claimed that is related to the withheld foreign withholding tax is subject to a limitation insofar as Dutch legal entities that are exempt from corporate income tax in the investment entity and who are entitled to a refund from Dutch dividend withholding tax and insofar as foreign bodies participate in the FGR that under the Dutch law or a regulation or treaty for the prevention of double taxation are entitled to a refund of Dutch dividend tax.

General Financial and Economic Developments

Refer to the Investment Manager Reviews on pages 12 to 24 for details of the most important general financial and economic developments that took place during 2020.

Principal Activities and Future Developments

Northern Trust UCITS FGR Fund (the "FGR") was established on 26 November 2014 as an Undertaking for Collective Investments in Transferable Securities (UCITS).

The FGR is structured as an open-ended umbrella fund with multiple Sub-Funds. As at 31 December 2020, the FGR comprises of thirteen active Sub-Funds ("the Sub-Funds"):

MANAGER'S REPORT (continued)

For the year ended 31 December 2020

| NT Europe Sustainable Select SDG Index FGR Fund | 24.31 | 24.34 |

Distributions

Total distributions declared and paid by the Sub-Funds during the year were as follows:

| Northern Trust North America Custom ESG Index FGR Fund | US\$22,434,526 |
|--|----------------|
| Northern Trust Europe Custom ESG Index FGR Fund | €24,614,471 |
| Northern Trust Developed Real Estate Index UCITS FGR Fund | US\$38,474,908 |
| Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund | €39,537,616 |
| Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund | €50,730,814 |
| Northern Trust Europe Custom ESG Equity Index UCITS FGR Feeder Fund | €16,799,351 |
| Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund | €15,042,369 |
| Northern Trust Europe Value ESG FGR Feeder Fund | €9,120,984 |
| Northern Trust Developed Real Estate ESG Index Fund | €17,660,123 |
| Northern Trust Pacific Custom ESG Index FGR Fund | €11,712,536 |
| Northern Trust World Small Cap ESG Low Carbon Index FGR Fund | €1,078,035 |
| Northern Trust High Dividend ESG World Equity Feeder Fund | €73,313 |
| NT Europe Sustainable Select SDG Index FGR Fund | €– |

Further details of the distributions by the Sub-Funds during the year are set out in note 8.

Events During the Year

Effective 14 January 2020, Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund launched Class L Euro.

Effective 24 January 2020, Ms Claire Cawley was appointed as a Director of the Manager.

Effective 12 May 2020, NT Europe Sustainable Select SDG Index FGR Fund commenced operations and launched Class A Euro.

FGR Prospectus dated 9 December 2019 was amended on 12 May 2020 to reflect the following changes:

- Inclusion of new sub-fund supplement for the NT Europe Sustainable Select SDG Index FGR Fund.
- Inclusion of Claire Cawley NTFMIL director details.
- Updates to Anti-Money Laundering Requirements.
- Updates to the requirements relating to the subscription and redemption of units.
- Updates to German Country Supplement.

FGR Prospectus dated 12 May 2020 was amended on 31 August 2020 to reflect the following changes:

 The Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund Supplement was amended to include updated wording in relation to the ESG screening applied by the Investment Manager.

Effective 30 November 2020, Northern Trust Europe Value ESG FGR Feeder Fund launched Class E Euro.

Effective 30 December 2020, Northern Trust World Small Cap ESG Low Carbon Index FGR Fund launched Class B Euro.

There were no other significant events during the year.

MANAGER'S REPORT (continued)

For the year ended 31 December 2020

Events Since the Year End

The Fund issued a new Prospectus dated 8 March 2021.

With effect from 10 March 2021, the Investment Management documentation has been amended to include an update for SFDR (Sustainable Finance Disclosure Regulation).

There have been no other significant events affecting the Fund subsequent to the year end.

Investment risks

The Sub-Funds invest in accordance with their respective investment objectives and policies. The value of investments and the income from them, and therefore the value of and income from units relating to each Sub-Fund, is therefore closely linked to the performance of such investments. Investments made by Northern Trust Global Investments Limited (the "Investment Manager") are speculative and an investment in a Sub-Fund, therefore, involves a degree of risk. There is no guarantee that the investment objective of a Sub-Fund, or its risk monitoring, will be achieved and results may vary substantially over time

The Investment Manager has taken measures to mitigate the risks carried by the investment strategy of each Sub-Fund. The investment objective of each Sub-Fund is to closely match the risk and return of the specific market index of each Sub-Fund. The Sub-Funds operate index tracking strategies whereby they seek to track the risk and return characteristics of their indices by investing directly in assets that are index constituents (i.e. a physical replication model).

However, each Sub-Fund does not seek to fully replicate its index but instead seeks to match the Sub-Fund's investments with index constituents on a sample based physical replication model (i.e. an optimisation approach) within the scope of the general UCITS investment restrictions and the specific investment restrictions set out in the Prospectus. Accordingly, investment in a Sub-Fund should not be considered to provide a direct exposure to its index. In normal market conditions each Sub-Fund can be expected to closely match the performance of its index. However, in normal market conditions an expost tracking error of up to 1% should be anticipated. This is due to transaction costs and the liquidity impact of the Sub-Funds' optimisation approach.

The table below sets out the ex-post tracking errors of the Sub-Funds since inception and for the year ended 31 December 2020:

| | Ex-Post Tracking Error | |
|--|------------------------|--------------------|
| | Since Sub-Fund | For the year ended |
| | Inception Date | 31 December 2020 |
| | % | % |
| Northern Trust North America Custom ESG Index FGR Fund | 0.09 | 0.08 |
| Northern Trust Europe Custom ESG Index FGR Fund | 0.75 | 0.73 |
| Northern Trust Developed Real Estate Index UCITS FGR Fund | 0.37 | 0.25 |
| Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund | 0.75 | 0.88 |
| Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund | 0.20 | 0.21 |
| Northern Trust Europe Custom ESG Equity Index UCITS FGR Feeder Fund | 0.65 | 0.51 |
| Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund | 0.11 | 0.12 |
| Northern Trust Europe Value ESG FGR Feeder Fund | 2.11 | 2.12 |
| Northern Trust Developed Real Estate ESG Index Fund | 0.40 | 0.45 |
| Northern Trust Pacific Custom ESG Index FGR Fund | 0.24 | 0.29 |
| Northern Trust World Small Cap ESG Low Carbon Index FGR Fund | 0.42 | 0.46 |
| Northern Trust High Dividend ESG World Equity Feeder Fund | 2.19 | 2.19 |
| NT Europe Sustainable Select SDG Index FGR Fund | _ | _ |

A Sub-Funds' investment strategy may carry considerable risks. Financial risks that the Sub-Funds' activities are exposed to are detailed in note 13. The main risks are described below.

Market Risk

(i) Price Risk

Price risk is the risk that the fair value of an instrument will fluctuate as a result of changes in market prices (other than those arising from currency risk or interest rate risk), whether caused by factors specific to an individual investment or its issuer or factors affecting all instruments traded in the market. The Sub-Funds' investments are susceptible to price risk arising from uncertainties about future prices of these instruments.

(ii) Interest Rate Risk

Substantially all of the Sub-Funds' financial assets and financial liabilities are non-interest bearing. Any excess cash is invested in ancillary liquid assets at short-term market interest rates. As a result, the Sub-Funds are not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates.

(iii) Currency Risk

The Sub-Funds hold financial instruments denominated in currencies other than their functional currencies. They are therefore exposed to currency risk, as the value of the financial assets and financial liabilities denominated in other currencies will fluctuate due to changes in exchange rates.

MANAGER'S REPORT (continued)

For the year ended 31 December 2020

Investment risks (continued)

Liquidity Risk

Some of the securities traded on the exchanges in which each Sub-Fund may invest may prove to be illiquid or highly volatile from time to time and this may affect the price at which each Sub-Fund may liquidate positions to meet repurchase requests or other funding requirements. The securities of small capitalisation companies are less liquid and this may result in fluctuations in the price of the units of the relevant Sub-Fund. As the Sub-Funds will invest in daily tradeable financial instruments, the liquidity risk is low. However, in unforeseen circumstances it is possible that the positions of the Sub-Funds cannot be liquidated in time at a reasonable price. In the case of certain Sub-Funds there may be limited exposure to emerging markets and investors should be aware of risks attached to investing in such markets which could have a limited impact on the performance of such relevant Sub-Funds.

Credit Risk

The Sub-Funds are exposed to credit risk, which is the risk that a counterparty will fail to discharge an obligation resulting in a financial loss to a Sub-Fund. Impairment provisions are provided for losses that have been incurred by the year end, if any. The carrying amounts of financial assets best represent the maximum credit risk exposure as at the Statement of Financial Position date. This relates also to financial assets carried at amortised cost, as they have a short-term to maturity.

Cross Liability Risk

The FGR has segregated liability between its Sub-Funds and accordingly any liability incurred on behalf of or attributable to any Sub-Fund shall be discharged solely out of the assets of that Sub-Fund.

Concentration Risks

To the extent the Sub-Funds invest in a greater amount in any one financial instrument, sector or industry, the performance of the Sub-Funds will depend to a greater extent on the overall condition of the financial instrument, sector or industry, and there is increased risk to the Sub-Funds if conditions adversely affect that financial instrument, sector or industry.

Redemption Risks

The redemption of units is subject to restrictions as outlined in the Prospectus and may in circumstances be suspended. Redemptions may cause the Sub-Funds to dispose of investments in order to meet its redemption obligations earlier than anticipated or under less favourable market conditions than the Sub-Funds would otherwise have disposed of such investments. This may result in a lower net asset value, generating lower or negative returns for the non-redeeming Unitholders. Significant redemptions may lead to significant losses to Unitholders which remain invested in the Sub-Funds.

Reliance on the Investment Manager

The unitholders will have no right to participate in the management of a Sub-Fund or in the control of its business. Accordingly, no person should purchase any units unless he is willing to entrust all aspects of management of the Sub-Fund to Northern Trust Fund Managers (Ireland) Limited (the "Manager"), and all aspects of selection and management of the Sub-Fund's investments to the Investment Manager. The Sub-Fund's success will therefore depend substantially on the efforts of the Manager and the Investment Manager.

Risks Associated With Investing In Other Investment Funds

A Sub-Fund may invest in one or more investment funds selected by the Investment Manager in accordance with the respective investment objectives and policies, including schemes managed by the Manager, the Investment Manager or their affiliates. The value of investments and the income from them, and the value of and income from units relating to each Sub-Fund, is therefore closely linked to the performance of such underlying investment funds. The investment programmes of these underlying investment funds may be speculative and an investment in such a Sub-Fund, consequently, involves a high degree of risk.

IT Risk

The Manager generally recognises five types of possible generic IT controls: 1) physical access security; 2) logical access security; 3) change management; 4) incident & problem management; and 5) operational management and continuity. The Manager of the investment entity has identified two risks related to (cyber) threats in this area. The first risk, with regard to intellectual property risk, is mainly related to physical and logical access security. The second risk, with regard to fraudulent trading activities, mainly falls under change management.

The Administrator has set up specific control measures with regard to the five types of generic IT control measures to mitigate the generic IT risks. This has been achieved this by means of the control measures described in the Administrator's SOC 1 report.

Statement of Operational Management

During the past financial year, we assessed various aspects of business operations. During our activities, we have not made any observations on the basis of which we should conclude that the description of the set-up of the operational management as referred to in Article 121 (if AIF Article 115y) of the BGfo does not meet the requirements as included in the Wft and thereto related regulations. On this basis, we declare as Manager for the FGR that we have a description of the operational management as referred to in Article 121 BGfo (if AIF Article 115y) that meets the requirements of the BGfo.

We have also not established that the business operations are ineffective and do not function in accordance with the description. We therefore declare with a reasonable degree of certainty that the business operations during the reporting year 2020 functioned effectively and in accordance with the description.

Integration of Environment, Society and Governance ("ESG") factors

We believe appropriate management of environmental, social and corporate governance factors can create long term shareholder value for Northern Trust as an investment management firm as well as a publicly traded company.

MANAGER'S REPORT (continued)

For the year ended 31 December 2020

Investment risks (continued)

Integration of Environment, Society and Governance ("ESG") factors (continued)

Northern Trust believes that, by serving as an active owner on behalf of the shareholders, we will help portfolio companies produce sustainable value, and that companies' long-term financial returns are connected to their strategic, environmental, social and governance performance. Sustainable investing is an investment solution based on the philosophy that ESG analytics can complement quantitative or fundamental investment techniques so as to mitigate risks or capture new opportunities. Our definition of sustainable investing is based on the acknowledgment that the long-term financial success of our clients and shareholders is dependent upon a healthy global environment, a stable society and well-functioning/well governed companies. As such, we view the integration of environmental, social and governance factors as being part of our fiduciary heritage with a long-term focus.

- We use the principles of 'Verantwoord Beleggen van de Verenigde Naties/The Principles for Responsible Investing' (PRI) (Member of the Investor Reference Group on Corporate Reporting, the Listed Equity Integration Sub-Committee, and Sustainable Development Goals in Active Ownership Working Group)
- We are not investing in controversial weaponry in our ESG funds
- We exercise the right on shares actively which is in line with the interest of our clients;
- We offer specialized and sustainable investment entities and offer custom made solutions for investors;
- The Principles for Responsible Investing (Member of the Investor Reference Group on Corporate Reporting, the Listed Equity Integration Sub-Committee, and Sustainable Development Goals in Active Ownership Working Group)
- The Diversity Project (charter member and member of the Advisory Board and Steering Group)
- SASB (member of the Investors Advisor Group and Standards Advisory Group)
- Council of Institutional Investors (associate member)
- IIGCC (member)
- UNEP FI (member)
- US SIF (member)
- Investor Stewardship Group (signatory)
- UK Women in Finance Charter (signatory)
- CEO Action for Diversity and Inclusion (member)
- UK Stewardship Code (signatory)
- Hong Kong Stewardship Code (signatory)
- Everglades Foundation (George Barley Water Prize Advisor)
- The Nature Conservancy Illinois Chapter (Board member)
- Climate Action 100+ (founding signatory)
- Responsible Investment Association Australasia (member)

The asset manager is actively involved in global initiatives which serves the interest of responsible investing. Furthermore, the asset manager is a member of the Verantwoord Beleggen van de Verenigde Naties (UN PRII). This collection of world-wide best practices helps asset managers to further integrate Environment, Social and Governance topics in practice.

Our strategy value drivers help create additional value for our shareholders and key stakeholders by integrating a strong corporate social responsibility ethos alongside offering sustainable investing solutions across asset classes. At the corporate level, we have defined a set of objectives with a short-term target of the year 2021 and the long-term objective of continuously improve our standards in line with best market practices.

Our 2021 goals are the following:

- Reducing our scope 1 and scope 2 carbon emissions by 25%
- Increasing partner volunteering hours by 5%
- Following the UK Women in Finance charter with the goal of having at least 35% of women in UK senior management
- Measuring progress of the UK Modern Slavery Act Program
- · Increasing the introduction of sustainable investing objectives in our proxy voting policy guidelines

Legal and Regulatory Risks

Legal and regulatory (including taxation) changes could adversely affect the Sub-Funds. Regulation (including taxation) of investment vehicles such as the Sub-Funds are still evolving and therefore subject to change. In addition, many governmental agencies, self-regulatory organisations and exchanges are authorised to take extraordinary actions in the event of market emergencies. The effect of any future legal or regulatory (including taxation) change on the Sub-Funds is impossible to predict, but could be substantial and have adverse consequences on the rights and returns of Unitholders.

Political and/or Regulatory Risks

The performance of a Sub-Fund may be adversely affected by developments in the countries that such Sub-Fund may invest in, or by changes in economic and market conditions, uncertainties such as political developments, changes in government policies, the imposition of restrictions on the transfer of capital and in legal, regulatory and tax requirements.

Brexit and Associated Risks

We have completed the Brexit deadline activity, and continue to closely monitor the ongoing dynamics to ensure we support client and business needs. Following the end of the transition period on 31st December 2020, a number of memorandums of understanding (MoU) came into effect between the FCA (Financial Conduct Authority), European regulators and European Securities and Markets Authority (ESMA).

MANAGER'S REPORT (continued)

For the year ended 31 December 2020

Investment risks (continued)

Brexit and Associated Risks (continued)

Since 1 January 2021 the UK-EU Trade and Cooperation Agreement (TCA) has applied to the relationship between the UK (United Kingdom) and European Union (EU), the agreement contains a number of provisions that are relevant for financial services firms. Overall, UK firms are now regarded as third country firms and passporting rights to establish branches or provide cross border services between the UK and EU no longer exist.

UK/EU firms are able to set up establishments and provide services into the territory of the other Party subject to compliance with local (including EU) authorisation/licensing requirements. Moreover, the TCA provides that once authorised/licensed, such firms will benefit from national treatment – meaning no less favourable treatment than the most favourable treatment accorded by each Party to its own investors and firms.

Within the UK, temporary permissions regimes (TPR) were introduced, which will last for a maximum of three years, to allow EU firms and funds to continue to provide services into the UK market.

Covid-19

During 2020 the COVID-19 (Coronavirus) pandemic caused and continues to cause major disruption to the global economy and social fabric of many countries. The Company and the Northern Trust Group are closely monitoring our business practices, taking into account guidance from the Centers for the Disease Control and Prevention ("CDC") and World Health Organisation ("WHO"), regulators, governments and local public health departments. The Company has joined with the Group to implement risk mitigation strategies including alternate work schedules and work-from-home ("WFH") arrangements, A number of internal programs have been implemented to ensure that the Company can continue to provide the level of service expected while also providing the necessary support for employees during this pandemic. In addition, operations and client service teams are working hand in hand with Information Technology, Legal, and Risk and Control teams to adapt to the evolving local developments. In addition to ensuring we operate effectively in our current resiliency mode, a global, cross-functional Future of Work taskforce is exploring how to best evolve all aspects of our foundation, including: client service, partner engagement, risk management, efficiency and culture. Our framework will be robust enough to stand the test of time and flexible enough to allow business units and regions to evolve at different speeds and react to local environment changes. As an immediate next step, business leaders are working on a segmentation strategy to determine which roles are best served working within an office, remotely or in some combination. The Northern Trust Group formally activated the Enterprise Pandemic Phase of our Business Continuity Plan ("BCP") on 11 March 2020, ahead of the WHO announcement. The Group has implemented best practices including stress testing of BCP to include extended WFH, implementing social distancing arrangements, adapting and refining our established and tested transfer-of-work protocols and cancelling in-person meetings and events. The Company maintains robust BCPs to manage its operation in support of its clients. Its service has been designed to be fault tolerant, minimising the potential for any single points of failure. To achieve this, the Group is utilising its dedicated Business Resiliency Centers, optimising work-from-home arrangements and will invoke transfer-of-work capabilities as required to complete processes across multiple offices, countries and regions,

Administrative Organisation and Internal Controls

The Manager has documented the administrative organisation and internal controls in accordance with the Act on Financial Supervision (Wet op het financial toezicht) (the "AFS") and the Decree on Conduct of Business of Financial Institutions AFS (Besluit Gedragstoezicht financiële ondernemingen Wft) ("BGfo"). During the year we have reviewed the various aspects of the FGR's operations. Our work did not find anything that would lead us to conclude that the administrative organisation and the system of internal controls as referenced in article 121 of the BGfo do not satisfy the requirements as laid down in the BGfo and related regulations. Furthermore, we did not find that the administrative organisation and internal controls are ineffective or that they do not operate in accordance with their description.

Based on the above, we declare as Manager of the FGR, that we are in possession of a description of the administrative organisation and internal controls in accordance with article 121 of the BGfo which fulfils the requirements of the BGfo. We also state with a reasonable degree of certainty that the administrative organisation and the system of internal controls were effective and operated in accordance with their description during the year.

Remuneration Disclosures

The Manager has a remuneration policy in place to ensure compliance with UCITS V. The Directors primary role is to ensure that all decisions related to the funds under management are taken for the best interests of investors. The Manager pays the Independent Non-Executive Directors a fixed fee per annum. This fee is not related to the performance of the Sub-Funds.

No pension payments are made. A number of factors are included in determining the fee paid including the size and risk profile of the funds under management. The Non-Executive Directors (excluding the Independent Non-Executive Directors) do not receive any compensation from the Manager. Designated Persons (unless Independent Non-Executive Directors) do not receive any compensation. (Please refer to Note 12 – Transactions with Related Parties and Key Management Personnel).

Code staff are considered to be the identified staff of Northern Trust Global Investments Limited.

The Manager sets a framework (setting out the investment objective, the investment policies, the proposed investment strategies and investment limits including leverage, liquidity and credit) that achieves a necessary level of risk control over the delegate investment manager. This framework and the ongoing controls exercised by the Manager ensure that no persons from the delegate investment manager have the capacity to exercise a material impact on the risk profile of the Sub-Funds.

The Manager seeks periodic assurances from the delegate investment manager that they have an appropriate risk management focused remuneration policy in place or one that is in line with regulation which is equally effective as UCITS V, which includes, without limitation:

(i) CRD/MiFID firms (including firms still subject to CRD III and which have availed of the CRD IV exemptions); and

MANAGER'S REPORT (continued)

For the year ended 31 December 2020

Remuneration Disclosures (continued)

(ii) non-EU firms which are subject to group remuneration policies that is equally as effective as MiFID or CRD.

The remuneration policy is reviewed annually. Further details with regard to the remuneration policy are available at the following website: https://www.northerntrust.com/documents/funds/ntfmil-ucits-v-remuneration-disclosure-en.pdf.

The delegated investment manager has not awarded remuneration above €1 million to any one individual.

Quantitative Information

The delegated investment manager, Northern Trust Global Investments Limited ("NTGIL") has provided the following information in proportion to the activities it performs for the FGR. Remuneration of Directors of the Management Company that are also identified staff of NTGIL are included within the amounts below. Director remuneration disclosed in full in Note 12 – Transactions with Related Parties and Key Management Personnel. The number of staff which are fully dedicated or partially dedicated to the activities of the Fund are included within the quantitative information below. The three categories of staff are the Board of Directors, Identified staff and other staff. The other staff do not receive remuneration.

The remuneration consists of mainly fixed remuneration such as base salary and cash allowances. A number of staff receive variable remuneration which is based on the performance of the funds under management of the delegated investment manager. Variable remuneration consists of cash incentive, deferred bonus payable in short term restricted stock units (RSUs) and long term deferred incentive awards in long term cash and shares (RSUs). All material risk takers are employed by another Northern Trust Group entity.

| Senior Management and other Code Staff | 2020 | |
|--|-----------|-------------------------|
| | Directors | Identified Staff |
| Number of Code Staff | 11 | 7 |
| Fixed remuneration (US\$m) | 0.08 | 0.058 |
| Variable remuneration (US\$m) | 0.08 | 0.075 |

Information above includes remuneration for eleven code staff whose responsibilities cover both NTGIL and Northern Trust Global Services SE, Amsterdam Branch (NTGSLAM).

| Senior Management and other Code Staff | 2019 | |
|--|-----------|-------------------------|
| | Directors | Identified Staff |
| Number of Code Staff | 11 | 7 |

Information above includes remuneration for eleven code staff whose responsibilities cover both NTGIL and Northern Trust Global Services SE, Amsterdam Branch (NTGSLAM).

Risk Appetite

The Sub-Funds of the umbrella will be investing in accordance with the respective investment objectives and policies. The value of Investments and the income from them, and therefore the value of and income from Units relating to each Sub-Fund, will therefore be closely linked to the performance of such Investments. Investments made by the Investment Manager will be speculative and an Investment in a Sub-Fund, therefore, involves a degree of risk. There is no guarantee that the investment objective of a Sub-Fund, or its risk monitoring, will be achieved and results may vary substantially over time. A Sub-Fund's investment strategy may carry considerable risks. The value of and income from Units relating to each Sub-Fund, can fall as well as rise and an investor may not get back the amount it invests.

Future Outlook

The umbrella is continuing to operate, expand and grow according to the funds current investment objective and there is no imminent foreseeable reason as to why the funds would not continue to operate as they currently are.

NORTHERN TRUST DEVELOPED REAL ESTATE INDEX UCITS FGR FUND

INVESTMENT REVIEW

For the year ended 31 December 2020

Launch Date

11 March 2015

Sub-Fund Size

US\$1.39 billion

Benchmark

FTSE EPRA/NAREIT Developed Index

Sub-Fund Review

Since inception, the Sub-Fund outperformed the benchmark and is up 4.16% whilst the benchmark returned 3.08%. For the year ended 31 December 2020, the Sub-Fund posted an annualised return of -7.97% while the benchmark returned -9.04% annualised. The ex-post tracking error since inception is 0.37% and for 1 year is 0.25%.

The Federal Reserve (the "Fed") had left interest rates unchanged at 1.5-1.75% at its January 2020 monetary policy meeting, noting that the labour market remained strong with economic activity rising at a moderate rate. In the face of the COVID-19 pandemic, the Fed stepped in to cut rates twice in March, bringing the Fed funds rate to the 0-0.25% range to support the US economy and ease market pressures. Unlimited quantitative easing along with a slew of lending facilities were announced to boost liquidity and ease the strain on credit markets. The Fed supported capital markets through extensive purchases of treasuries, mortgages, and corporate credit through the creation of its primary and secondary dealer credit facilities. Through the rest of the year, the Fed retained the federal funds target range at 0.00% to 0.25% with a majority of the Fed officials expecting rates to remain at the 0.00-0.25% range through 2022.

Two key components of the monetary policy were updated in August. The Federal Open Market Committee's (the "FOMC") inflation targeting system now seeks to achieve an average inflation rate of 2% over time rather than a 2% target and the policy would allow for "shortfalls of employment from its maximum level". The Fed also reiterated commitment to using its "full range of tools" to support the economy and would remain accommodative until its targets of maximum employment and 2% inflation rate were achieved. Although economic activity and employment were on the road to recovery, the Fed noted that they still remained below levels seen at the onset of the year. Recent forecasts revealed that the Fed expects Gross domestic product ("GDP") to contract by 2.4% in 2020 and return to a growth of 4.2% in 2021 and 3.2% in 2022. The forecast for the unemployment rate for 2020 was lowered to 6.7% and is projected at 5% in 2021 and 4.2% in 2022. The Personal Consumption Expenditures (the "PCE") inflation forecast for 2020 was retained at 1.2% while it was revised slightly higher to 1.8% in 2021 and 1.9% in 2022. On the economic front, inflation remained low while unemployment persisted at high levels. The US economy recovered from the contraction in Q2 2020 and expanded to an annualised 33.4% in Q3 2020, supported by personal consumption expenditures and non-residential fixed investment.

MSCI implemented changes to their series of indices end of February 2020. For MSCI Pacific, there were no additions to and no deletions from the index. One-way index turnover was 0.17%.

MSCI implemented changes to their series of indices end of May 2020. For MSCI Pacific, there were 13 additions to and 24 deletions from the index. One-way index turnover was 1.79%.

MSCI implemented changes to their series of indices end of August 2020. For MSCI Pacific, there was 1 addition to and 1 deletion from the index. One-way index turnover was 0.16%.

MSCI implemented changes to their series of indices end of November 2020. For MSCI Pacific, there were 8 additions to and 27 deletions from the index. One-way index turnover was 1.16%.

The index changes were carefully traded to minimise cost and deviation from the benchmark and were used as an opportunity to equitise some of the futures exposure.

NORTHERN TRUST WORLD SMALL CAP ESG LOW CARBON INDEX FGR FUND

INVESTMENT REVIEW

For the year ended 31 December 2020

Launch Date

6 June 2019

Sub-Fund Size

€0.33 billion

Benchmark

MSCI World Small Cap Custom ESG Low Carbon Index

Sub-Fund Review

Since inception, the Sub-Fund outperformed the benchmark and is up 14.29% whilst the benchmark returned 13.99%. For the year ended 31 December 2020, the Sub-Fund posted an annualised return of 8.31% while the benchmark returned 7.98% annualised. The ex-post tracking error since inception is 0.42% and for 1 year is 0.46%.

MSCI implemented changes to their series of indices end of February 2020. For MSCI World, there were no additions to and no deletions from the index. One-way index turnover was 0.34%.

MSCI implemented changes to their series of indices end of May 2020. For MSCI World, there were 62 additions to and 93 deletions from the index. One-way index turnover was 1.45%.

MSCI implemented changes to their series of indices end of August 2020. For MSCI World, there were 6 additions to and 4 deletions from the index. One-way index turnover was 0.37%.

MSCI implemented changes to their series of indices end of November 2020. For MSCI World, there were 47 additions to and 57 deletions from the index. One-way index turnover was 0.95%.

The index changes were carefully traded to minimise cost and deviation from the benchmark and were used as an opportunity to equitise some of the futures exposure.

MSCI World ND Index

Sub-Fund Review

Since inception, the Sub-Fund underperformed the benchmark and is up 4.81% whilst the benchmark returned 8.30%. For the year ended 31 December 2020, the Sub-Fund posted an annualised return of 2.39% while the benchmark returned 6.33% annualised. The ex-post tracking error since inception and for 1 year is 2.19%.

MSCI implemented changes to their series of indices end of February 2020. For MSCI World, there were no additions to and no deletions from the index. One-way index turnover was 0.34%.

MSCI implemented changes to their series of indices end of May 2020. For MSCI World, there were 62 additions to and 93 deletions from the index. One-way index turnover was 1.45%.

MSCI implemented changes to their series of indices end of August 2020. For MSCI World, there were 6 additions to and 4 deletions from the index. One-way index turnover was 0.37%.

MSCI implemented changes to their series of indices end of November 2020. For MSCI World, there were 47 additions to and 57 deletions from the index. One-way index turnover was 0.95%.

The index changes were carefully traded to minimise cost and deviation from the benchmark and were used as an opportunity to equitise some of the futures exposure.

NT EUROPE SUSTAINABLE SELECT SDG INDEX FGR FUND

INVESTMENT REVIEW

For the year ended 31 December 2020

Launch Date

12 May 2020

Fund Size

€0.34 billion

Benchmark

MSCI Europe Select ESG Leaders Low Carbon Impact Index

Sub-Fund Review

Since inception the Sub-Fund has underperformed the benchmark and is up 24.31% against the benchmark return of 24.34%. Ex-post tracking error is not available due to the Sub-Fund's recent launch.

MSCI implemented changes to their series of indices end of May 2020. For MSCI Europe, there were 21 additions to and 20 deletions from the index. One-way index turnover was 1.90%.

MSCI implemented changes to their series of indices end of August 2020. For MSCI Europe, there were 2 additions to and 2 deletions from the index. One-way index turnover was 0.29%.

MSCI implemented changes to their series of indices end of November 2020. For MSCI Europe, there were 12 additions to and 12 deletions from the index. One-way index turnover was 0.76%.

The index changes were carefully traded to minimise cost and deviation from the benchmark and were used as an opportunity to equitise some of the futures exposure.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

1. General

Northern Trust UCITS FGR Fund (the "FGR") is an investment fund (beleggingsfonds) as referred to in article 1:1 of the Act on Financial Supervision (Wet op het financiael toezicht) (the "AFS"). The FGR is structured as an open-ended umbrella fund with multiple sub-funds for joint account of the unitholders (fonds voor gemene rekening) governed by the laws of the Netherlands. The FGR is not a legal entity, but the aggregate of the assets of its sub-funds less an amount equal to all accrued debts, liabilities and obligations of the sub-funds, in which monies or other assets are called or received for the purpose of collective investment by the unitholders as governed by the Prospectus and the terms and conditions of the agreement entered into between Northern Trust Fund Managers (Ireland) Limited (the "Manager") and Stichting Bewaarder Anchor NL Beleggingsfondsen (the "Legal Titleholder"). Northern Trust UCITS FGR Fund is subject to supervision by the Dutch Authority for the Financial Markets (Stichting Autoriteit Finanële Markten, "AFM").

The Fund was established on 26 November 2014 as an Undertaking for Collective Investments in Transferable Securities (UCITS) as defined in the AFS, and shall continue to exist for an indefinite period of time.

The Fund's registered office address is Claude Debussylaan 18A, 1082 MD Amsterdam, the Netherlands.

The FGR has no employees.

As at 31 December 2020, the FGR comprises of thirteen active Sub-Funds ("the Sub-Funds").

Additional sub-funds may be established from time to time by the Manager.

| Northern Trust Europe Value ESG Fund | MSCI Europe Index with net dividends reinvested |
| Northern Trust High Dividend World Equity Fund | MSCI World Index with net dividends reinvested |
| NT Europe Sustainable Select SDG Index Fund | MSCI World Small Cap Custom ESG Low Carbon (ND) with net |
| | dividends reinvested |

The most recent annual report and financial statements for Northern Trust UCITS Common Contractual Fund is available at the following website: www.northerntrust.com/pooledfunds.

Northern Trust International Fund Administration Services (Ireland) Limited (the "Administrator") has been appointed by the Manager to act as administrator, registrar and transfer agent under the terms of an administration agreement which has been entered into on an arm's length basis. Northern Trust Global Services Limited, Amsterdam Branch (the "Depositary") has been appointed by the Manager to act as depositary responsible for the safekeeping (amongst other responsibilities) of all of the assets of each Sub-Fund under the terms of a depositary agreement which has been entered into on an arm's length basis. The Manager has appointed Northern Trust Global Investments Limited (the "Investment Manager") to provide discretionary investment management services to the Sub-Funds.

2. Basis of Accounting

Statement of Compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union (IFRS), Part 9 of Book 2 of the Netherlands Civil Code, the AFS and RJ 615 *Investment Entities*. The Manager's Report is prepared in accordance with Part 9 of Book 2 of the Netherlands Civil Code, the AFS and RJ 615.

Going Concern

Management has a reasonable expectation that the Sub-Funds have adequate resources to continue in operational existence for the foreseeable future. Therefore the Sub-Funds continue to adopt the going concern basis of accounting in preparing their financial statements.

3. Functional and Presentation Currency

The functional currency of each Sub-Fund is the currency of the primary economic environment in which the Sub-Fund operates. Management have determined the functional currency of Northern Trust North America Custom ESG Index FGR Fund and Northern Trust Developed Real Estate Index UCITS FGR Fund to be the US dollar (US\$), as the US dollar most faithfully represents the economic effects of their underlying transactions, events and conditions. Management have determined the functional currency of Northern Trust Europe Custom ESG Index FGR Fund, Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund, Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust Developed Real Estate ESG Index Fund, Northern Trust Pacific Custom ESG Index FGR Fund, Northern Trust World Small Cap ESG Low Carbon Index FGR Fund, Northern Trust High Dividend ESG World Equity Feeder Fund and NT Europe Sustainable Select SDG Index FGR Fund to be the euro (€), as the euro most faithfully represents the economic effects of their underlying transactions, events and conditions.

Management has adopted the functional currency of each individual Sub-Fund as its presentation currency. The Sub-Funds may issue unit classes denominated in a currency other than its functional currency. Information in respect of the Sub-Funds' units is presented in their denominated currency as it is more relevant to investors.

4. Use of Estimates and Judgements

Use of Estimates

The preparation of financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Use of Judgements

Information about significant areas of critical judgement in applying accounting policies is included in Note 3 and Note 5 - Financial Instruments: Fair Value Measurement Principles.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

5. Significant Accounting Policies

Basis of Measurement

The financial statements of the Sub-Funds have been prepared under the historical cost basis, as modified by the revaluation of financial assets and financial liabilities (including financial derivative instruments) at fair value through profit or loss.

New Standards and Amendments – Applicable 1 January 2020

A number of new standards and amendments to standards are effective from 1 January 2020 but they do not have a material effect on these financial statements. The Fund consistently applied IFRS 9 and IFRS 15.

The following new and amended standards and interpretations are not expected to have a significant impact on the Fund's financial statements:

- COVID-19-Related Rent Concessions (Amendment to IFRS 16).
- Onerous Contracts Cost of Fulfilling a Contract (Amendments to IAS 37).
- Reference to Conceptual Framework (Amendments to IFRS 3).
- IFRS17 Insurance Contracts.
- Classification of Liabilities as Current or Non-Current (Amendments to IAS 1).

New Standards and Amendments – Applicable After 1 January 2020

A number of new standards are effective for annual reporting periods beginning after 1 January 2020 and early application is permitted; however the Fund has not early adopted the new or amended standards as early adoption would not have a material impact on these financial statements.

Financial Instruments

(i) Classification of financial assets

On initial recognition, the Sub-Funds classify financial assets as measured at amortised cost or fair value through profit or loss. A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss:

- · it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are Solely Payments of Principal and Interest ("SPPI").

Business Model Assessment:

In making an assessment of the objective of the business model in which a financial asset is held, the Sub-Funds consider all of the relevant information about how the business is managed, including:

- the documented investment strategy and the execution of this strategy in practice. This includes whether the investment strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Sub-Fund's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how the investment manager is compensated: e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales
 activity.

The Sub-Funds have determined that they operate a business model which is neither that of Held-to-Collect or Held-to-Collect and Sell but are in which financial assets are managed and their performance is evaluated, on a fair value basis, with frequent sales taking place. This includes debt securities, equity investments, investments in unlisted open-ended investment funds and derivatives.

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

5. Significant Accounting Policies (continued)

Financial Instruments (continued)

(i) Classification of financial assets (continued)

In assessing whether the contractual cash flows are SPPI, the Sub-Fund's considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Fund considers:

- contingent events that would change the amount or timing of cash flows;
- leverage features;
- prepayment and extension features;
- terms that limit the Sub-Fund's claim to cash flows from specified assets (e.g. non-recourse features);
- · features that modify consideration of the time value of money (e.g. periodical reset of interest rates); and
- investments into the Sub-Funds and Feeder Funds are not deemed to be SPPI and therefore classified and measured at fair value through profit and loss.

(ii) Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the FGR were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

(iii) Recognition

The Sub-Funds recognise financial assets and financial liabilities on the trade date, the date the Sub-Funds become party to the contractual provisions of the instrument, or on the date on which they are originated.

(iv) Measurement

Financial instruments at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the Statement of Comprehensive Income. Financial assets or financial liabilities not at fair value through profit or loss are initially recognised at fair value plus transaction costs that were directly attributable to their acquisition or issue.

Subsequent to initial recognition, all financial instruments classified at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statement of Comprehensive Income.

Financial assets classified as loans and receivables are carried at amortised cost using the effective interest rate method, less impairment losses, if any.

Financial liabilities not at fair value through profit or loss, other than those arising on redeemable participating units, are measured at amortised cost using the effective interest rate. Financial liabilities arising from the redeemable units issued by the Sub-Funds are carried at the redemption amount representing the investors' right to a residual interest in the Sub-Funds' assets.

(v) Fair Value Measurement Principles

The fair value of financial instruments traded in active markets is based on their quoted market prices at the measurement date. The Sub-Funds utilise the last traded market price for both financial assets and financial liabilities where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Sub-Funds determine the point within the bid-ask spread that is most representative of fair value.

If a quoted market price is not available on a recognised stock exchange, the fair value of the instrument is estimated using valuation techniques, including use of recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Investment funds are measured at the net asset value per unit as reported by the administrator of the investment fund at the measurement date which is considered to represent fair value.

(vi) Impairment

Financial assets that are stated at cost or amortised cost are reviewed at each measurement date to determine whether there is objective evidence of impairment. If any such indication exists, an impairment loss is recognised in the Statement of Comprehensive Income as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate.

If the amount of an impairment loss recognised on a financial asset carried at amortised cost subsequently decreases and the decrease can be linked objectively to an event occurring after the write-down, then the write-down is reversed through the Statement of Comprehensive Income.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

5. Significant Accounting Policies (continued)

Financial Instruments (continued)

(vi) Impairment (continued)

The Sub-Funds recognise loss allowances for Expected Credit Losses ("ECLs") on financial assets measured at amortised cost.

(vii) Derecognition

A financial asset is derecognised when the Sub-Funds lose control over the contractual rights to the cash flows that comprise that asset. This occurs when the rights are realised, expire or are surrendered and control is not retained. A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

(viii) Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liability simultaneously. For the year ended 31 December 2020, there were no financial assets of liabilities subject to enforceable master netting arrangements or similar arrangements which would require disclosure.

Dividend Income and Bank Interest

Dividend income is recognised in the Statement of Comprehensive Income on an ex-dividend date basis. Dividend income is shown gross of any nonrecoverable withholding taxes, which are disclosed separately in the Statement of Comprehensive Income, and net of any tax credits.

Fees and Expenses

Investment management fees, management fees, administration fees, depositary fees and other operating expenses are charged to the Statement of Comprehensive Income on an accruals basis as the related services are performed.

Transaction Costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the Sub-Funds had not acquired, issued or disposed of the financial instrument. Transaction costs are recognised in the Statement of Comprehensive Income, when incurred, as an expense.

Net Gains and Losses on Investments

Realised gains or losses on disposal of financial instruments at fair value through profit or loss and unrealised gains or losses on revaluation of financial instruments at fair value through profit or loss at the measurement date are calculated on a weighted average cost basis and recognised in the Statement of Comprehensive Income.

Redeemable Participating Units

The Sub-Funds classify financial instruments issued as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

All the Sub-Funds' redeemable participating units provide investors with the right to require redemption for cash at the value proportionate to the investor's share in the Sub-Fund's net assets at each daily redemption date.

In accordance with IAS 32, a puttable financial instrument that includes a contractual obligation for a Sub-Fund to repurchase or redeem that instrument for cash or another financial asset is classified as equity if it meets all of the following conditions:

- it entitles the holder to a pro rata share of the Sub-Fund's net assets in the event of the Sub-Fund's liquidation;
- it is in the class of instruments that is subordinate to all other classes of instruments;
- all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- apart from the contractual obligation for the Sub-Fund to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any other features that would require classification as a liability; and
- the total expected cash flows attributable to the instrument over its life are based substantially on the profit or loss, the change in the
 recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Fund over the life of the
 instrument.

The Sub-Funds' redeemable participating units do not meet these conditions and are classified as financial liabilities measured at the amortised cost of their redemption amount, with the exception of the NT Europe Sustainable Select SDG Index FGR Fund, which are classified as equity.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

5. Significant Accounting Policies (continued)

Foreign Currency

Transactions in foreign currencies are translated into the functional currency of the Sub-Funds at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency of the Sub-Funds at the closing exchange rate at the measurement date. Non-monetary assets and liabilities that are measured at fair value in foreign currencies are translated into the functional currency of the Sub-Funds at the exchange rates at the dates that the values were determined.

Foreign currency exchange differences relating to financial instruments at fair value through profit or loss are included within gains and losses from financial instruments at fair value through profit or loss in the Statement of Comprehensive Income. All other foreign currency exchange differences relating to cash are included within net realised and unrealised gains/losses on foreign currency in the Statement of Comprehensive Income.

Future Contracts

For open future contracts, changes in the value of the contract are recognised as unrealised gains or losses by "marking to market" the value of the contract at the measurement date. When the contract is closed, the difference between the proceeds from (or cost of) the closing transactions and the original transaction is recorded as a realised gain or loss.

Distributions

As a result of the classification of their redeemable participating units as liabilities, all Sub-Funds' distributions are recognised in the Statement of Comprehensive Income as finance costs.

Taxation

The FGR is an open-ended umbrella fund for joint account (fonds voor gemene rekening) within the meaning of article 2(2) of the Corporate Income Tax Act 1969 (Wet vennootschapsbelasting 1969) and has the status of a Fiscal Investment Institution (FII) within the meaning of article 28 of the Corporate Income Tax Act 1969. As such, the Sub-Funds are subject to a Dutch corporate income tax rate of 0%. To qualify for and to maintain FII status, the Sub-Funds must, amongst other requirements, distribute their net income as dividends to their investors within eight months following the end of the financial year. If certain conditions are met, the Sub-Funds may opt to form a reinvestment reserve. In that case, the positive or negative balance of the Sub-Funds' unrealised capital gains on securities are added to, or charged against this reserve. The amounts added to, or charged against, the reinvestment reserve do not form part of the income of the Sub-Funds that need to be distributed within eight months following the end of the financial year.

Dividend distributions made by Netherlands resident entities to the Sub-Funds may be subject to the 15% Netherlands dividend withholding tax. In addition, withholding tax may be withheld on proceeds derived by the Sub-Funds from foreign investments, both on dividends as well as on interest payments made to the Sub-Funds.

Under the Dutch Dividend Withholding Tax Act 1965 (Wet op de dividendbelasting 1965), dividends distributed by the Sub-Funds are in principle subject to a 15% dividend withholding tax. The Sub-Funds are required to remit to the Dutch tax authorities the 15% dividend withholding tax that it has withheld on dividend payments. However, insofar as the FGR qualifies as a FII; the Sub-Funds are entitled to the so-called tax rebate (afdrachtsvermindering) of article 11a Dividend Withholding Tax Act 1965. As a result of the tax rebate the amount of dividend withholding tax that the Sub-Funds are required to remit to the Dutch tax authorities is reduced, if the Sub-Funds themselves have received dividends and interest that have been subject to a Dutch or foreign withholding tax.

Cash and Cash Equivalents

Cash comprises current deposits with banks and investments in Money Market Funds.

Margin Cash

Cash collateral provided by the Sub-Funds to a counterparty in relation to futures contracts is presented in the Statement of Financial Position as margin cash.

Structured Entities

Investments in Master Funds

The Master Funds are not considered to be subsidiaries of their respective Feeder Funds as the units held by them do not give the holders the current ability to direct the activities that significantly affect the returns of both these Feeder Funds and their respective Master Funds. IFRS 10's single control model states that an entity has control over an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The Manager deems that the Feeder Funds are deemed to be Investment Entities in accordance with IFRS 10's Investment Entity Exception. The Manager is therefore satisfied that the Master Funds do not meet the definition of subsidiaries in accordance with IFRS 10 and meet the definition of structured entities in accordance with IFRS 12.

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements. A structured entity often has some or all of the following features or attributes: (a) restricted activities; (b) a narrow and well-defined objective, such as to provide investment opportunities for investors by passing on risks and rewards associated with the assets of the structured entity to investors; (c) insufficient equity to permit the structured entity to finance its activities without subordinated financial support; and (d) financing in the form of multiple contractually linked instruments to investors that create concentrations of credit or other risks.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

5. Significant Accounting Policies (continued)

Structured Entities (continued)

Investments in Master Funds (continued)

The Manager has determined that the Feeder Funds' investments in their respective Master Funds represent investments in unconsolidated structured entities. The investment objectives of the Master Funds are detailed in Note 1. The Master Funds seek to achieve their investment objectives through investing primarily in a diversified portfolio of transferable equity securities issued by companies in their respective indices.

The investment manager of the Master Funds is Northern Trust Global Investments Limited. The Master Funds finance their operations by issuing redeemable participating units which are puttable at the holders' option and entitle the holder to a proportional stake in the Master Funds' net assets. The Feeder Funds each hold redeemable participating units and interests in their respective Master Funds. The holdings of the Feeder Funds in the units of their Master Funds are included in the Statement of Financial Position within investment funds and are detailed in Note 18. The changes in fair value of the Feeder Funds holdings in the Master Funds and dividends received by Feeder Funds from their the Master Funds are included in the Statement of Comprehensive Income within net realised and unrealised gains/losses on investments and dividend income respectively, and are disclosed in Note 14.

6. Fees and Expenses

The fees applicable to Northern Trust North America Custom ESG Index FGR Fund, Northern Trust Europe Custom ESG Index FGR Fund, Northern Trust Developed Real Estate Index UCITS FGR Fund, Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund, Northern Trust Developed Real Estate ESG Index Fund and Northern Trust Pacific Custom ESG Index FGR Fund are as follows:

- The maximum total fees and expenses for each Sub-Fund (excluding rebalancing and transaction fees and expenses) are 1 per cent of the Net Asset Value of the Sub-Fund.
- The maximum total fees and expenses for the Manager, Investment Manager, Administrator and Depositary are 0.6 per cent of the Net Asset Value of each Sub-Fund.
- The maximum fees and expenses of the Manager are 0.2 per cent of the Net Asset Value of each Sub-Fund. The maximum fees and expenses of the Investment Manager are 0.2 per cent of the Net Asset Value of each Sub-Fund. The combined maximum fees and expenses of the Administrator and Depositary are 0.2 per cent of the Net Asset Value of each Sub-Fund.

The fees applicable to Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust Europe Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund and Northern Trust Europe Value ESG FGR Feeder Fund are as follows:

- The maximum total fees and expenses for each Sub-Fund are 0.20 per cent of the net asset value of the Sub-Fund.
- The maximum total fees and expenses for the Investment Manager, Manager, Administrator and Depositary are 0.17 per cent of the net asset value of each Sub-Fund.
- The maximum fees and expenses of the Investment Manager are 0.12 per cent of the net asset value of each Sub-Fund. The maximum fees and expenses of the Manager are 0.01 per cent of the net asset value of each Sub-Fund. The maximum combined fees and expenses of the Administrator and Depositary are 0.04 per cent of the net asset value of each Sub-Fund

The fees applicable to Northern Trust World Small Cap ESG Low Carbon Index FGR Fund are as follows:

- The maximum total fees and expenses for the Sub-Fund are 1 per cent of the Net Asset Value of the Sub-Fund.
- The maximum total fees and expenses for the Manager, Investment Manager, Administrator and Depositary are 0.55 per cent of the Net Asset Value of the Sub-Fund.
- The maximum fees and expenses of the Manager are 0.1 per cent of the Net Asset Value of the Sub-Fund. The maximum fees and expenses of the Investment Manager are 0.5 per cent of the Net Asset Value of the Sub-Fund. The combined maximum fees and expenses of the Administrator and Depositary are 0.4 per cent of the Net Asset Value of the Sub-Fund.

The fees applicable to Northern Trust High Dividend ESG World Equity Feeder Fund are as follows:

- The maximum total fees and expenses for the Sub-Fund are 1 per cent of the Net Asset Value of the Sub-Fund.
- The maximum total fees and expenses for the Manager, Investment Manager, Administrator and Depositary are 0.27 per cent of the Net Asset Value of the Sub-Fund.
- The maximum fees and expenses of the Manager are 0.1 per cent of the Net Asset Value of the Sub-Fund. The maximum fees and expenses of the Investment Manager are 0.22 per cent of the Net Asset Value of the Sub-Fund. The combined maximum fees and expenses of the Administrator and Depositary are 0.4 per cent of the Net Asset Value of the Sub-Fund.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

6. Fees and Expenses (continued)

The fees applicable to NT Europe Sustainable Select SDG Index FGR Fund are as follows:

- The maximum total fees and expenses for the Sub-Fund are 1 per cent of the Net Asset Value of the Sub-Fund.
- The maximum total fees and expenses for the Manager, Investment Manager, Administrator and Depositary are 0.25 per cent of the Net Asset Value of the Sub-Fund.
- The maximum fees and expenses of the Manager are 0.1 per cent of the Net Asset Value of the Sub-Fund. The maximum fees and expenses of the Investment Manager are 0.20 per cent of the Net Asset Value of the Sub-Fund. The combined maximum fees and expenses of the Administrator and Depositary are 0.4 per cent of the Net Asset Value of the Sub-Fund.

All the above fees accrue and are calculated on each dealing day and are payable quarterly in arrears. The actual fees earned by the Investment Manager, Manager, Administrator and Depositary for the year are disclosed in the Statement of Comprehensive Income.

The expense methodology applied to the actual expenses charged to the Sub-Funds during the year does not differ to the expense methodology stated above and in the Prospectus.

Transaction costs are costs incurred to acquire or dispose of financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, brokers and dealers. Transaction costs for the year are disclosed in the Statement of Comprehensive Income.

The Manager may apply on behalf of the Sub-Funds a subscription charge of up to five per cent of the net asset value per unit and a redemption charge of up to three per cent of the net asset value per unit payable to the Manager or its appointed distributor, Northern Trust Global Investments Limited. The Sub-Funds did not charge any subscription or redemption fees during the year ended 31 December 2020 or the year ended 31 December 2019.

The costs of the FGR are charged out of the assets of the Sub-Funds on a pro rata basis. The costs of establishing each Sub-Fund are charged out of the assets of the relevant Sub-Fund.

Audit fees of €145,500 (ex VAT) were incurred in relation to the statutory audit of the financial statements of the Fund for the year (2019: €131,563 (ex VAT)).

7. Dilution Adjustment

Units are issued and redeemed at a single issue and redemption price. The net asset value per unit may be adjusted on any dealing day depending on whether or not a Sub-Fund is in a net subscription position or in a net redemption position on such dealing day to arrive at the price. The adjustment relates to costs which impact on the value of the Sub-Fund.

For valuation purposes, the securities are valued as outlined in the Prospectus. When these values are compared with the actual cost of buying or selling assets for a Sub-Fund, differences arise due to dealing charges and spreads from buying and selling of the underlying investments. These costs have an adverse effect on the value of a Sub-Fund and are known as "dilution".

To mitigate the effects of dilution, the Manager may at its discretion make a dilution adjustment as, in its opinion, the existing unitholders, in case of subscriptions, or remaining unitholders, in case of redemptions, are adversely affected.

The dilution adjustment involves adding to, when the Sub-Fund is in a net subscription position, and deducting from, when the Sub-Fund is in a net redemption position, the net asset value per unit such a figure as the Manager considers represents an appropriate figure to meet duties, charges and spreads. When a dilution adjustment is made, it increases the price where the Sub-Fund is in a net subscription position and decreases the price where the Sub-Fund is in a net redemption position.

The dealing net asset value per unit for the Sub-Funds may include a dilution adjustment which is not recognised in the financial statements in accordance with IFRS. The dealing net asset value per unit for the Sub-Funds did not include any dilution adjustment at 31 December 2020, 31 December 2019 or 31 December 2018 and correspond to their net asset value per unit disclosed in Note 21.

8. Distributions

- Total purchases and sales of NT Europe Sustainable Select SDG Index Fund's units by NT Europe Sustainable Select SDG Index FGR Fund during the year ended 31 December 2020 were €315,751,686 (2019: €–) and €24,363,124 (2019: €–) respectively.

Amounts due from/to the each Feeder Funds to/from their Master Fund for unsettled purchases/sales at the year end are disclosed in the Statement of Financial Position.

During the year ended 31 December 2020 net gains and losses on investments in the Master Funds were $\[\in \]$ 355,343,778 for Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund (2019: $\[\in \]$ 617,341,796), $\[\in \]$ 15,682,595 for Northern Trust Europe Custom ESG Equity Index UCITS FGR Feeder Fund (2019: $\[\in \]$ 117,616,622), $\[\in \]$ 106,353,160 for Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund (2019: $\[\in \]$ 255,265,616), $\[\in \]$ 59,134,944) for Northern Trust Europe Value ESG FGR Feeder Fund (2019: $\[\in \]$ 53,194,265), $\[\in \]$ 2,189,157 for Northern Trust High Dividend ESG World Equity Fund (2019: $\[\in \]$ 1,992,613), $\[\in \]$ 2,22,268,102 for Northern Trust World Small Cap ESG Low Carbon Index FGR Fund (2019: $\[\in \]$ 61,138,209) and $\[\in \]$ 47,649,169 for NT Europe Sustainable Select SDG Index FGR Fund (2019: Nil).

The following distributions were paid to the Feeder Funds by the Master Funds during the year:

- Distributions of €41,703,376 (2019: €55,553,427) were paid to Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund by Northern Trust World Custom ESG Equity Index Fund.
- Distributions of €18,608,664 (2019: €19,517,763) were paid to Northern Trust Europe Custom ESG Equity Index UCITS FGR Feeder Fund by Northern Trust Europe Custom ESG Equity Index Fund.
- Distributions of €13,895,978 (2019: €16,039,106) were paid to Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund by Northern Trust North America Custom ESG Equity Index Fund.
- Distributions of €5,226,116 (2019: €10,595,192) were paid to Northern Trust Europe Value ESG FGR Feeder Fund by Northern Trust Europe Value ESG Fund during the year ended 31 December 2020.
- Distributions of €2,789,979 (2019: €1,025,193) were paid to Northern Trust World Small Cap ESG Low Carbon Index FGR Fund by Northern Trust World Small Cap ESG Low Carbon Index Fund during the year ended 31 December 2020.
- Distributions of €2,084,433 (2019: nil) were paid to Northern Trust High Dividend ESG World Equity FGR Feeder Fund by Northern Trust High Dividend ESG World Equity Fund.
- Distributions of €1,637,416 (2019: nil) were paid to NT Europe Sustainable Select SDG Index FGR Fund by Northern Trust Europe Sustainable Select SDG Index Fund.

The investment objectives of the Master Funds are detailed in Note 1. The Sub-Funds' activities expose them to a variety of financial risks: market risk (including price risk, currency risk and interest rate risk), credit risk and liquidity risk. The Sub-Funds' overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Sub-Funds' financial performance. The Sub-Funds may use financial derivative instruments to moderate certain risk exposures.

The Investment Manager assesses the risk profiles of the Sub-Funds on the basis of their investment policies, strategies and their use made of financial derivative instruments. Based on the risk profile, the Investment Manager has determined to calculate global exposure for all Sub-Funds using the commitment approach.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

12. Transactions with Related Parties and Key Management Personnel (continued)

Remuneration of the Directors of the Manager

Group Directors remuneration

Group directors are employed by Northern Trust Group companies and can be either Executive or Non-Executive directors, as approved by the Central Bank of Ireland under its Fitness and Probity Regime.

The following Group Directors' remuneration was discharged by related Northern Trust Group companies based on time committed to Northern Trust Fund Managers (Ireland) Limited in an oversight capacity of the FGR fund range:

| | 2020 | 2019 |
|--|--------|--------|
| | € | € |
| Group Director's remuneration paid (Fixed remuneration) | 21,820 | 19,972 |
| Gain made by Group Directors on the exercise of share options (Variable remuneration) | - | - |
| Amount of money receivable by Group Directors under long term incentives (Variable remuneration) | 5,575 | 5,200 |
| Company contributions to defined contribution plan (Fixed remuneration) | 731 | 612 |
| | 28,126 | 25,784 |

Long term incentives awarded are delivered in the form non-cash instruments and these restricted stock units are recognised over the period that the restricted stock vests. Certain restricted stock units vested during the current year.

The number of Group Directors who were members of the Northern Trust Group's defined contribution pension plan during the year was 3 (2019: 3).

One Director (2019: 1) has retirement benefits accruing under a defined benefit plan that is administered from the United States of America, and for which there are no related assets and liabilities held by the Northern Trust Group.

No compensation was paid during the year to past or present Group Directors pertaining to compensation for loss of office. All Directors' remuneration has been borne by a fellow group undertaking except for Independent Non-Executive Directors' remuneration of &26,250 (2019: &20,583).

Independent Non-Executive Directors' remuneration

During the year the FGR paid its Independent Non-Executive Directors a fixed fee per annum totalling €26,250 (2019: €20,583). All Directors' remuneration has been borne by a related group company except for Independent Non-Executive Directors' remuneration.

13. Financial Instruments and Associated Risks

Northern Trust North America Custom ESG Index FGR Fund, Northern Trust Europe Custom ESG Index FGR Fund, Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund, Northern Trust Pacific Custom ESG Index FGR Fund and Northern Trust World Small Cap ESG Low Carbon Index FGR Fund seek to achieve their investment objectives through investment primarily in a diversified portfolio of transferable equity securities issued by companies within their respective indices. Northern Trust Developed Real Estate Index UCITS FGR Fund and Northern Trust Developed Real Estate ESG Index Fund seek to achieve their investment objectives through investment primarily in a diversified portfolio of real estate related securities listed or traded on markets worldwide including listed real estate investment trusts (REITs) and transferable equity securities issued by companies within their respective indices whose principal business is the ownership, management and/or development of income producing and for sale real estate.

Northern Trust North America Equity Index UCITS FGR Fund, Northern Trust Europe Equity Index UCITS FGR Fund, Northern Trust Developed Real Estate Index UCITS FGR Fund, Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund and Northern Trust Developed Real Estate ESG Index Fund may also invest up to 10% of their net asset value indirectly in equities securities comprised within their respective indices through holdings in open-ended investment funds with investment objectives which are materially similar to the Sub-Funds'.

In addition to investing at least 85% of their assets in their respective Master Funds, Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust Europe Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust High Dividend ESG World Equity Feeder Fund and NT Europe Sustainable Select SDG Index FGR Fund may also invest up to 15% of their assets in aggregate in ancillary liquid assets including cash deposits, cash equivalents, certificates of deposits and money market instruments.

Market Risk

(i) Price Risk

Price risk is the risk that the fair value of an instrument will fluctuate as a result of changes in market prices (other than those arising from currency risk or interest rate risk), whether caused by factors specific to an individual investment or its issuer or factors affecting all instruments traded in the market. The Sub-Funds' investments are susceptible to price risk arising from uncertainties about future prices of these instruments.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

13. Financial Instruments and Associated Risks (continued)

Market Risk (continued)

(i) Price Risk (continued)

The price risk of Northern Trust North America Custom ESG Index FGR Fund, Northern Trust Europe Custom ESG Index FGR Fund, Northern Trust Developed Real Estate Index UCITS FGR Fund, Northern Trust Emerging Markets Custom ESG Equity Index UCITS FGR Fund, Northern Trust Developed Real Estate ESG Index Fund and Northern Trust Pacific Custom ESG Index FGR Fund is managed by investing primarily in a diversified portfolio of companies listed or traded on a regulated stock exchange or market.

The Feeder Funds' investments in the Master Funds are subject to the terms and conditions of the Master Funds offering documentation and are susceptible to market price risk arising from uncertainties about future values of the Master Funds. The Master Funds are managed by Northern Trust Global Investments Limited, who is compensated by the respective Master Funds for its services. Such compensation consists of an asset based fee which is reflected in the valuation of the Feeder Funds' investments in their respective Master Funds. The Feeder Funds have the right to request redemption of their investments in the Master Funds on a daily basis.

The Sub-Funds may use the following derivative instruments for efficient portfolio management or currency hedging purposes: forward currency contracts and exchange traded futures contracts.

The Sub-Funds' overall market positions are monitored on a daily basis by the Investment Manager.

The following tables detail the concentration of the investments held by the Sub-Funds by asset class as at 31 December 2020:

The Feeder Funds maximum exposure to loss from their interests in the Master Funds is equal to the total fair value of their investments in the Master Funds. The Feeder Funds' strategies entail trading in their respective Master Funds on a regular basis. Total purchases and sales in the Master Funds by the Feeder Funds during the year are detailed in note 12. There were no capital commitment obligations at the year end or the prior year end. Amounts due from the Feeder Funds for unsettled purchases at the year end are disclosed in the Statement of Financial Position.

Distributions paid to the Feeder Funds by Master Funds during the year are disclosed in note 12.

(ii) Interest Rate Risk

Substantially all of the Sub-Funds' financial assets and financial liabilities are non-interest bearing. Any excess cash is invested in ancillary liquid assets at short-term market interest rates. As a result, the Sub-Funds are not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates.

(iii) Currency Risk

The Sub-Funds hold financial instruments denominated in currencies other than their functional currencies. They are therefore exposed to currency risk, as the value of the financial assets and financial liabilities denominated in other currencies will fluctuate due to changes in exchange rates.

The Sub-Funds may enter into currency exchange transactions in an attempt to protect against changes in currency exchange rates between the trade and settlement dates of specific securities transactions or anticipated securities transactions. The Sub-Funds may also enter into forward contracts to hedge against a change in currency exchange rates that would cause a decline in the value of existing investments denominated or principally traded in a currency other than the functional currency of the Sub-Funds. To do this, the Sub-Funds would enter into a forward contract to sell the currency in which the investment is denominated or principally traded in exchange for the functional currency of the Sub-Funds.

Northern Trust North America Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust World Custom ESG Equity Index UCITS FGR Feeder Fund, Northern Trust Europe Value ESG FGR Feeder Fund, Northern Trust Europe Value ESG FGR Feeder Fund, Northern Trust World Small Cap ESG Low Carbon Index FGR Fund, Northern Trust High Dividend ESG World Equity Feeder Fund and NT Europe Sustainable Select Index FGR Fund have no material direct exposure to currency risk.

If the exchange rates as at 31 December 2020 and 31 December 2019 between the functional currency of each Sub-Fund and the non-functional currencies to which the Sub-Funds are exposed had increased or decreased by 5%, with all other variables held constant, this would have decreased or increased respectively net assets attributable to holders of redeemable preference units by approximately the amounts shown below. The Manager believes that a movement of 5% is reasonably possible.

In accordance with the Sub-Funds' policies, the Investment Manager monitors the Sub-Funds' currency risk on a daily basis.

Credit Risk

The Sub-Funds are exposed to credit risk, which is the risk that a counterparty will fail to discharge an obligation resulting in a financial loss to a Sub-Fund. Impairment provisions are provided for losses that have been incurred by the year end, if any. The carrying amounts of financial assets best represent the maximum credit risk exposure as at the Statement of Financial Position date. This relates also to financial assets carried at amortised cost, as they have a short-term to maturity.

Amounts arising from ECL

Impairment on cash and cash equivalents, investments in Money Market Funds and balances due from brokers has been measured on a 12-month expected loss basis and reflects the short maturities of the exposures. The FGR considers that these exposures have low credit risk based on the external credit ratings of the counterparties. Any resulting expected credit loss is deemed immaterial. The FGR monitors changes in credit risk on these exposures by tracking published external credit ratings of the counterparties.

The following tables set out the carrying amounts of the Sub-Funds' financial assets exposed to credit risk as at the year end.

The Investment Manager analyses credit concentration based on the counterparty, industry and geographical location of the financial assets that the Sub-Funds hold.

Credit risk is managed by monitoring the credit quality and financial positions of the Depositary and the counterparty the Sub-Funds use.

Substantially all of the cash assets are held with The Northern Trust Company. Further details are disclosed in the Depositary's Credit Risk Statement below.

As at the year end the counterparties of the futures contracts, had the following credit rating from Standard & Poor's: Citigroup Global Markets Ltd A+ (2019: A+) and Bank of America Merrill Lynch: A+ (2019: A+).

All transactions in equities are settled/paid for upon delivery using approved brokers. The risk of default is considered minimal, as delivery of securities sold is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation. In accordance with the Sub-Funds' policies, the Investment Manager monitors the Sub-Funds' exposure to credit risk on a daily basis.

Depositary's Credit Risk Statement

Northern Trust Global Services SE, Amsterdam Branch (NTGSLAM) is the appointed Depositary of the FGR, responsible for the safekeeping of assets. NTGSLAM has appointed The Northern Trust Company (TNTC) as its global sub-custodian. Both NTGSLAM and TNTC are wholly owned subsidiaries of Northern Trust Corporation (NTC). As at the year end, NTC had a long term credit rating from Standard & Poor's of A+ (2019: A+).

NTGSLAM, in the discharge of its depositary duties, verifies the Sub-Funds' ownership of Other Assets (as defined under Article 22(5) of UCITS V Directive 2014/91/EU) by assessing whether the Sub-Funds hold the ownership based on information or documents provided by the FGR or where available, on external evidence.

TNTC, in the discharge of its delegated depositary duties, holds in custody (i) all financial instruments that may be registered in a financial instruments account opened on the books of TNTC and (ii) all financial instruments that can be physically delivered to TNTC. TNTC ensures all financial instruments (held in a financial instruments account on the books of TNTC) are held in segregated accounts in the name of the Sub-Funds, clearly identifiable as belonging to the Sub-Funds, and distinct and separately from the proprietary assets of TNTC, NTGSLAM and NTC.

In addition TNTC, as banker, holds cash of the Sub-Funds on deposit. Such cash is held on the Statement of Financial Position of TNTC. In the event of insolvency of TNTC, in accordance with standard banking practice, the Sub-Funds will rank as an unsecured creditor of TNTC in respect of any cash deposits.

Insolvency of NTGSLAM and or one of its agents or affiliates may cause the Sub-Funds' rights with respect to their assets to be delayed.

The Responsible Party (deemed the Directors of the Manager or its delegate(s)) manages risk by monitoring the credit quality and financial position of the Depositary.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

13. Financial Instruments and Associated Risks (continued)

Cross Liability Risk

The FGR has segregated liability between its Sub-Funds and accordingly any liability incurred on behalf of or attributable to any Sub-Fund shall be discharged solely out of the assets of that Sub-Fund.

Liquidity Risk

The main liability of the Sub-Funds is the redemption of any units that investors wish to sell. The Prospectus provides for the daily creation and cancellation of units and the Sub-Funds are therefore exposed to the liquidity risk of meeting unitholder redemptions at any time. The Sub-Fund's financial instruments include investments in equities and investment funds, which can normally be easily liquidated at an amount close to fair value in order to meet liquidity requirements.

The Sub-Funds may, from time to time, invest in derivative contracts traded over the counter, which are not traded in an organised market and may be illiquid. As a result, the Sub-Funds may not be able to liquidate quickly its investments in these instruments at an amount close to their fair value in order to meet their liquidity requirements or to respond to specific events such as deterioration in the creditworthiness of any particular issuer.

In accordance with the Sub-Fund's policy, the Investment Manager monitors the Sub-Funds' liquidity risk on a daily basis.

The following tables show the residual contractual maturities of the Sub-Funds' financial liabilities as at the Statement of Financial Position date.

14. Fair Value Measurement

IFRS 13 requires the Sub-Funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Inputs that are quoted prices for identical investments in active markets;
- Level 2: Inputs that are quoted prices for similar investments in active markets and model-derived valuations whose significant value drivers are observable; and
- Level 3: Inputs that are unobservable.

Broadly, the framework requires fair value to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

14. Fair Value Measurement (continued)

For financial assets and liabilities, fair value is the price we would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at measurement date.

The determination of what constitutes observable requires significant judgement by the Sub-Funds. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs.

The objective of the valuation techniques is to arrive at fair value measurement that reflects the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

|--|---------|-------------|---------|-------------|
| | € | € | € | € |
| Financial assets at fair value through profit or loss: | | | | |
| Investment funds | _ | 338,578,863 | _ | 338,578,863 |
| Total | | 338,578,863 | | 338,578,863 |

Financial instruments, whose values are based on quoted market prices in active markets, and therefore are classified within Level 1, include active listed equities and exchange traded derivatives. The Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include investment funds and corporate bonds. As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

There were no financial instruments classified as Level 3 as at 31 December 2020 or 31 December 2019.

There were no transfers between levels during the year ended 31 December 2020 or the year ended 31 December 2019.

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the period.

Most of the Sub-Funds' financial instruments are measured at fair value on the Statement of Financial Position. Usually the fair value of the financial instruments can be reliably determined within a reasonable range of estimates. For certain other financial instruments the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments. The carrying value of all the Sub- Funds' financial assets and financial liabilities at the year end approximated their fair values.

For each class of the Sub-Funds' assets and liabilities not measured at fair value in the Statement of Financial Position but for which fair value is disclosed, the Sub-Funds are required to disclose the level within the fair value hierarchy which the fair value measurement would be categorised.

For the year ended 31 December 2020 and the year ended 31 December 2019, cash and cash equivalents and bank overdraft, whose carrying amount approximate to fair value, were classified as Level 1. Margin cash, receivables, other assets, payables and other liabilities, whose carrying amount approximate to fair value, were classified as Level 2.

15. Units Outstanding

The following tables set out the movements in the Sub-Funds' redeemable participating units during the year ended 31 December 2020 and the year ended 31 December 2019.

16. Ongoing Charges Figure

The Ongoing Charges Figure (OCF) is an annualised ratio of the recurring operational costs to the average net assets of each Sub-Fund. The OCF includes the cost of management, investment management and administration of the Sub-Funds plus other running costs, such as depositary, audit and regulatory fees. Transaction costs and interest expenses are excluded from the calculation. The OCF is calculated twice yearly.

The following table sets out the Sub-Funds' OCF for the year ended 31 December 2020 and the period ended 31 December 2019.

19. Efficient Portfolio Management

The purpose of Efficient Portfolio Management (EPM) is to achieve one or more of the following: the reduction of risk, the reduction of costs and the generation of additional capital or income for the Sub-Funds with an acceptably low level of risk. The Sub-Funds may use the following instruments for EPM: currency forwards and exchange traded futures.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

20. Commitments and Contingencies

The Sub-Funds had no significant commitments or contingencies as at 31 December 2020 or 31 December 2019.

21. Net Assets Attributable to Holders of Redeemable Participating Units

The following tables detail the net assets attributable to holders of redeemable participating units in the Sub-Funds as at the year end. The net asset value per unit is calculated by determining the proportion of the net asset value of each Sub-Fund attributable to each of its unit classes and dividing this amount by the number of units of that class in issue. The number of units in issue is presented rounded to the nearest whole number. The net asset value per unit is calculated dividing the net asset value by the unrounded number of units in issue and is presented rounded to two decimal places.

| | | | Net Asset Value |

22. Portfolio Turnover Rate

Transaction costs are incurred when the Sub-Funds deal in securities and issue and redeem units. The portfolio turnover rate (PTR) reflects the volume of trading by a Sub-Fund other than investing in/disposing of securities due to gross subscription in/ gross redemption by the Sub-Fund. It is calculated using a prescribed formula as defined under Netherlands Civil Code: RJ 615.414: ((purchases of securities plus sales of securities) minus (gross subscription of units plus gross redemption of units)) divided by average net asset value, rather than net of subscriptions/redemptions on a dealing day that is annualised.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

22. Portfolio Turnover Rate (continued)

A PTR of one means that the average net asset value has been traded one time during the period under review. A PTR of nil or less means that the volume of trading is completely related to purchases and sales of securities due to subscriptions and redemptions.

The tables overleaf set out the Sub-Funds' PTR during the year ended 31 December 2020 and the year ended 31 December 2019.

Effective 30 November 2020, Northern Trust Europe Value ESG FGR Feeder Fund launched Class E Euro.

Effective 30 December 2020, Northern Trust World Small Cap ESG Low Carbon Index FGR Fund launched Class B Euro.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2020

26. Significant Events During the Year (continued)

During 2020 the COVID-19 (Coronavirus) pandemic caused and continues to cause major disruption to the global economy and social fabric of many countries. The Company and the Northern Trust Group are closely monitoring our business practices, taking into account guidance from the Centers for the Disease Control and Prevention ("CDC") and World Health Organisation ("WHO"), regulators, governments and local public health departments. The Company has joined with the Group to implement risk mitigation strategies including alternate work schedules and work-fromhome ("WFH") arrangements. A number of internal programs have been implemented to ensure that the Company can continue to provide the level of service expected while also providing the necessary support for employees during this pandemic. In addition, operations and client service teams are working hand in hand with Information Technology, Legal, and Risk and Control teams to adapt to the evolving local developments. In addition to ensuring we operate effectively in our current resiliency mode, a global, cross-functional Future of Work taskforce is exploring how to best evolve all aspects of our foundation, including: client service, partner engagement, risk management, efficiency and culture. Our framework will be robust enough to stand the test of time and flexible enough to allow business units and regions to evolve at different speeds and react to local environment changes. As an immediate next step, business leaders are working on a segmentation strategy to determine which roles are best served working within an office, remotely or in some combination. The Northern Trust Group formally activated the Enterprise Pandemic Phase of our Business Continuity Plan ("BCP") on 11 March 2020, ahead of the WHO announcement. The Group has implemented best practices including stress testing of BCP to include extended WFH, implementing social distancing arrangements, adapting and refining our established and tested transfer-of-work protocols and cancelling in-person meetings and events. The Company maintains robust BCPs to manage its operation in support of its clients. Its service has been designed to be fault tolerant, minimising the potential for any single points of failure. To achieve this, the Group is utilising its dedicated Business Resiliency Centers, optimising work-from-home arrangements and will invoke transfer-of-work capabilities as required to complete processes across multiple offices, countries and regions.

There were no other significant events during the year.

27. Events Since the Year End

The Fund issued a new Prospectus dated 8 March 2021.

With effect from 10 March 2021, the Investment Management documentation has been amended to include an update for SFDR (Sustainable Finance Disclosure Regulation).

There have been no other significant events affecting the Fund subsequent to the year end.

28. Portfolio Movements

The material changes in the composition of the portfolio statements are available to Shareholders on request from the Administrator and are free of charge. The aggregate purchases of securities exceeding 1 per cent of the total value of purchases for the year or aggregate disposals greater than 1 per cent of the total value of disposals can be provided. If there were fewer than 20 purchases/disposals that exceed 1 per cent during the year the largest 20 purchases/disposals will be made available.

29. Approval of Financial Statements

The financial statements were approved by the Directors of the Manager on 28 April 2021.

OTHER INFORMATION

As at 31 December 2020

Director's Interest

In accordance with article 122 paragraph 2 of the Decree on Conduct of Business of Financial Institutions AFS (Besluit Gedragstoezicht financiële ondernemingen Wft) the Fund is required to list the total holdings in securities held by the Directors of the Manager in investments which are also held by the Sub-Funds as of the Statement of Financial Position date.

As of 31 December 2020, the Directors of the Manager held 1,146 share options (31 December 2019: nil) and 1,120 shares in Northern Trust (31 December 2019: 3,850), 597 shares in Verizon Communications Inc. (31 December 2019: 597), 16,250 shares in Barclays PLC (31 December 2019: 16,250), 23,524 shares in Lloyds Banking Group PLC (31 December 2019: 23,524), 27,621 shares in Vodafone Group PLC (31 December 2019: 27,621), 2,500 shares in Sainsbury J Plc (31 December 2019: 5,000), 1,410 shares in Entain PLC (formerly GVC Holdings) (31 December 2019: 1,410 shares), 570 shares in Nestle SA (31 December 2019: 570). There were no other holdings in securities by the Directors of the Manager in investments held by the Sub-Funds as at that date.

Statutory Profit Appropriation

In accordance with article 3.7 of the fund's prospectus, the unit classes may distribute profits. The Manager shall determine the amount of Profit of a Class of Units within a Sub-Fund, if any, to be distributed in respect of each Profit Period (subject as hereinafter provided). Distribution of such Profits shall be made to Unitholders of a Class who are registered in the register of Unitholders at the Profit Distribution Date on a pro rata basis. Profit is distributed to Unitholders in proportion to the duration of their ownership of the Units in the relevant Profit Period. A single income distribution rate per Unit will be calculated for distributions of Profit for each Class of Units.

Report on the audit of the accompanying financial statements

Our opinion

We have audited the financial statements 2020 of the Sub-Funds, based in Amsterdam.

In our opinion the accompanying financial statements give a true and fair view of the financial position of the Sub-Funds as at 31 December 2020 and of its result and its cash flows for the year 2020 in accordance with International Financial Reporting Standards as adopted by the European Union (EU-IFRS), with Part 9 of Book 2 of the Dutch Civil Code and the requirements as set out with regard to the financial statements by or pursuant to the Dutch Financial Supervision Act.

The financial statements for all the Sub-Funds mentioned above comprise:

- 1 the statement of financial position 31 December 2020;
- 2 the following statements for the year 2020: Statement of comprehensive income, Statement of Changes in Net Assets and Statement of Cash Flows; and
- 3 the notes comprising a summary of the significant accounting policies and other explanatory information.

INDEPENDENT AUDITOR'S REPORT (continued)

Basis for our opinion

We conducted our audit in accordance with Dutch law, including the Dutch Standards on Auditing. Our responsibilities under those standards are further described in the 'Our responsibilities for the audit of the financial statements' section of our report.

We are independent of the Sub-Funds in accordance with the Wet toezicht accountantsorganisaties (Wta, Audit firms supervision act), the 'Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten' (ViO, Code of Ethics for Professional Accountants, a regulation with respect to independence) and other relevant independence regulations in the Netherlands. Furthermore, we have complied with the 'Verordening gedrags- en beroepsregels accountants' (VGBA, Dutch Code of Ethics).

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Report on the other information included in the annual report

In addition to the financial statements and our auditor's report thereon, the annual report contains other information that consists of:

- Management and General Information;
- Manager's Report;
- Investment reviews;
- Appendix 1 Portfolio Statements;
- other information pursuant to Part 9 of Book 2 of the Dutch Civil Code.

Based on the following procedures performed, we conclude that the other information:

- is consistent with the financial statements and does not contain material misstatements;
- contains the information as required by Part 9 of Book 2 of the Dutch Civil Code.

We have read the other information. Based on our knowledge and understanding obtained through our audit of the financial statements or otherwise, we have considered whether the other information contains material misstatements.

By performing these procedures, we comply with the requirements of Part 9 of Book 2 of the Dutch Civil Code and the Dutch Standard 720. The scope of the procedures performed is less than the scope of those performed in our audit of the financial statements.

Directors of the Manager are responsible for the preparation of the other information, including the Managers' report, in accordance with Part 9 of Book 2 of the Dutch Civil Code, and other information pursuant to Part 9 of Book 2 of the Dutch Civil Code.

INDEPENDENT AUDITOR'S REPORT (continued)

Description of the responsibilities for the financial statements

Responsibilities of Directors of the Manager for the financial statements

Directors of the Manager are responsible for the preparation and fair presentation of the financial statements in accordance with EU-IFRS and Part 9 of Book 2 of the Dutch Civil Code. Furthermore, Directors of the Manager are responsible for such internal control as Directors of the Manager determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to errors or fraud.

As part of the preparation of the financial statements, Directors of the Manager are responsible for assessing the company's ability to continue as a going concern. Based on the financial reporting frameworks mentioned, Directors of the Manager should prepare the financial statements using the going concern basis of accounting unless Directors of the Manager either intend to liquidate the sub-funds or to cease operations, or has no realistic alternative but to do so. Directors of the Manager should disclose events and circumstances that may cast significant doubt on the company's ability to continue as a going concern in the financial statements.

Our responsibilities for the audit of the financial statements

Our objective is to plan and perform the audit engagement in a manner that allows us to obtain sufficient and appropriate audit evidence for our opinion.

Our audit has been performed with a high, but not absolute, level of assurance, which means we may not have detected all material errors and fraud during our audit.

Misstatements can arise from fraud or errors and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. The materiality affects the nature, timing and extent of our audit procedures and the evaluation of the effect of identified misstatements on our opinion.

We have exercised professional judgement and have maintained professional scepticism throughout the audit, in accordance with Dutch Standards on Auditing, ethical requirements and independence requirements. Our audit included among others:

- identifying and assessing the risks of material misstatement of the financial statements, whether due to errors or fraud, designing and performing audit procedures responsive to those risks, and obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from errors, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the sub-funds' internal control;
- evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Directors of the Manager;
- concluding on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company ceasing to continue as a going concern;
- evaluating the overall presentation, structure and content of the financial statements, including the disclosures; and
- evaluating whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Directors of the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant findings in internal control that we identify during our audit.

Amstelveen, 28 April 2021 KPMG Accountants N.V. W.L.L. Paulissen RA
